The Capital Caper is Going Electronic

Make sure you get the next copy of the Capital Caper as fast and conveniently as possible. Stop by or call with your email address so you can get the newsletter before the snail mail even gets stamped.

Knitting Sighting

If you have seen the movie "The Bourne Supremacy" you may have noticed the scarf that Julia Stiles wears throughout most of her scenes. It is knitted using Berroco Medley color number 8913. Naturally, we have it in stock!

Rewards for Bringing a Friend

Bring a friend that has never been to Capital Yarns before and get a free gift! (Don't expect a new car)

Old is New! Same great yarns, MORE colors.

Quest is now available in variegated colors. Fizz and Splash are available in four new colors. Although it may not seem possible, Encore is available in all 121 colors, and by the time this newsletter reaches you there will be another 4 colors available!

Even MORE Rosewood Knitting Needles

We now have Size 17 and 19 rosewood needles in 14 inch lengths. Double points are also available now as well. You can finally have a complete collection of these fine needles for every situation.

Stitch Markers

Is it possible to get excited about stitch markers? If they are the right size, pliable and work as they should, we do! At first we were skeptical that these would be worth buying as the Clover markers we already carry work fine. Decide for yourself!

A True Kaleidoscope of Colors - for Scissors!

If you are looking for purple, black, green, or red handled scissors, look no further. These scissors are affordable and you can select your favorite color.

Needle Gauge

Tired of those needle gauges that flex or bend and break? A brass sheep may be the solution you have been seeking. This sheep is a needle gauge that will help identify those "mystery" needles.

Sweater Shaver

Sweater stones are great, but some have a distinct odor and occasionally discolor your garments. The sweater shaver is reusable, compact and can be carried anywhere. Don't risk that beautiful garment you created!

Yardage Counter

After you finally finished that big project did you wonder if there was enough yarn left to make a matching scarf? This small device

can save you running out of a particular dye lot at the wrong time. Comes with its own base for mounting to your table.

Sticky Measuring Tape

Quilters' have been using it for years, but it is very useful when traveling. It is also convenient as it keeps you from having to dig for a tape measure.

Gadgets

The Queen of Gadgets is at it again. Come by and see the latest collection.

Crayon Box Sweater Class

Do you have multiple balls of gorgeous yarns and just have not been able to find the right project for them? In this class you get to use all those exotic yarns to make a beautiful sweater! ✓ **the class schedule!**

Raccoon Jacket Class

You have probably seen the "raccoon" and "silver fox" jackets on display in the store. Take this class and see how easy it is to create one of these jackets on your own! ✓ **the class schedule!**

Knitting with BIGGER beads

Has the thought of using 0000 needles stop you from taking the bead knitting class? The Bead Knitted Scarf class uses needle you can actually see without using Peepers, DK weight yarn, and beads bigger than an atom. ✓ **the class schedule!**

New Yarns!

Stardom is a new glitzy yarn with delightful combinations of bright colors. Perfect for that one-of-a-kind scarf or shawl.

Spazzini, a wool yarn, has "danglers" that add character to any garment.

Comboló may be difficult to pronounce, but is a perfect component yarn or to add an accent. A great bulky yarn.

Odyssey Glitz is similar to Athena, with an added metallic twist.

Eros Extreme is a wide version of Eros, SIX strands wide. Certainly extreme and in lots of colors.

Galaxia is a jazzy colorful nylon with a lot of yardage that is a carry-along that can be used without changing the gauge.

Finishing Service Available

Have a project in need of finishing, but don't have the time? Bring it in and we'll finish it for you.

Needlework Tip

If you have a hank of yarn and no swift (or spouse) available, try putting it around the back of a chair and then wind it by hand. If you do this slowly, you can usually keep it from getting tangled.

Class Schedule

(previous listings outdated)

Knitting

Basic Beginning Knitting - Three 2-hour classes - \$60
